

ToolPro Knockdown Knives feature Clear Lexan Blades and are used to flatten wall and ceiling texture patterns for that “knocked down” look. It erases trowel lines without creating chatter marks like other knives. The blade is both flexible and durable.

Item #	Size
04312	12 in.
04318	18 in.
04324	24 in.
04336	36 in.

- Lexan blade is designed with the perfect amount of flex for consistent patterns
- Lexan 9034 blade wears much longer than acrylic or other plastic blades—it is virtually unbreakable
- Acute corner angle is designed for working in tight areas
- Threaded handle for use with extension poles
