

PRODUCT SPOTLIGHT

SPECIAL VALUES FOR DRYWALL PROFESSIONALS.

- Holds multiple sheets of paper.
- Low center of gravity prevents flipping and avoids damage.

TOOLPRO
Pro Pole Sander
#TP04030

- Cast aluminum body with steel quick clamps.
- High density neoprene foam backing.

The ToolPro Pro Pole Sander has a die-cast aluminum base, a neoprene foam backing pad, and a 48 in. Aluminum handle. The swivel head design and finished edges will not flip or damage the wall while sanding. Steel quick clamps allow multiple sheets. Simply load paper and remove one sheet at a time when it becomes worn to have a brand new sanding surface.

**Pairs perfectly with
ToolPro Long Tab
Drywall Sanding
Sheets!**
