- When properly installed is proven not to bow or distort frame
- Reusable for 30 days when left attached to GREAT STUFF PRO[™] Dispensing Gun
- Soft, pliable, easy to stuff back into the gap without trimming
- Bonds to vinyl, wood and metal frames
- Fireblock formulated¹
- Tack-free in 3-10 minutes²; trimmable in one hour
- Yellow-colored foam for easy identification
- UL classified
- One 20 oz can (gun-applied) foams 8-11 average-sized residential windows³

GREAT STUFF PRO[™] Window & Door Polyurethane Foam Sealant quickly and cleanly forms airtight, water-resistant seals between framework and rough openings with precision.

Close the gap

GREAT STUFF PRO[™] Window & Door Polyurethane Foam Sealant is a specially formulated, minimal-expanding foam with a low pressure-build that remains soft and flexible after curing. Foam can be formed without trimming to create long-lasting, airtight and water-resistant seals proven not to bow window or door frames when properly installed.

Available in a 20 oz gun-applied version, you can achieve better window or door installation by pairing GREAT STUFF PRO[™] Window & Door with the GREAT STUFF PRO[™] Dispensing Gun. Featuring a no-drip precision application, the dispensing gun provides total control over every seal, ensuring professionals get the maximum yield out of every can.

GREAT STUFF PRO[™] Window & Door helps to prevent drafts, repels water and more, resulting in higher quality installation, improved home comfort and greater customer satisfaction.

¹Intended for use in residential application to maintain the continuity of an approved fireblock material.
²70 ±5°F and 50 ±5%RH, 1 inch bead diameter, 6 inch length. Cure rate is dependent on temperature, humidity and size of foam bead.
³Based on average-sized windows 36x60 inches, 3/8-inch-wide gap, and 1-inch deep.

DuPont Polyurethane Foam Insulation and Sealants

CAUTION: When cured, these products are combustible and will burn if exposed to open flame or sparks from high-energy sources. Do not expose to temperatures above 240°F (116°C). For more information, consult (Material) Safety Data Sheet ((M)SDS), call DuPont at 1-866-583-BLUE (2583) or contact your local building inspector. In an emergency, call 1-989-636-4400 in the U.S. or 1-519-339-3711 in Canada.

Great Stuff™ contains isocyanate and a flammable blowing agent. Read all instructions and (Material) Safety Data Sheet ((M)SDS), carefully before use. Eliminate all sources of ignition before use. Cover all skin. Wear long sleeves, gloves, and safety glasses or goggles. Not for use in aviation, or food/beverage contact, or as structural support in marine applications. Provide adequate ventilation or wear proper respiratory protection. Contents under pressure. Not to be used for filling closed cavities or voids such as behind walls and under tub surrounds; this improper use of the product could result in the accumulation of flammable vapors and/or uncured material. Failure to follow the warnings and instructions provided with the product, and/or all applicable rules and regulations, can result in injury or death.

Building and/or construction practices unrelated to building materials could greatly affect moisture and the potential for mold formation. No material supplier including DuPont can give assurance that mold will not develop in any specific system.
