

TOOLPRO

PRODUCT OVERVIEW

3/16 IN. CUTOUT BIT - PILOTED DOWN SPIRAL | TP43299

COMES IN A PACK OF ONE HUNDRED

PRODUCT FEATURES & BENEFITS:

These heavy duty drywall cut-out bits have a 3/16 in. shaft that is sure to hold up longer than the standard 1/8 in. cut-out bit. They consistently make the best cut possible without running out on you.

- Individual bit, sold in bulk box of 100.
- Each bit tip protected with green wax.
- Piloted tip for plunge cuts into drywall.
- Downward spiral is designed to push dust into wall and away from you.
- Use with any high-speed rotary tool to cut-out can lighting or outlet boxes.
